

# VICEBITE®

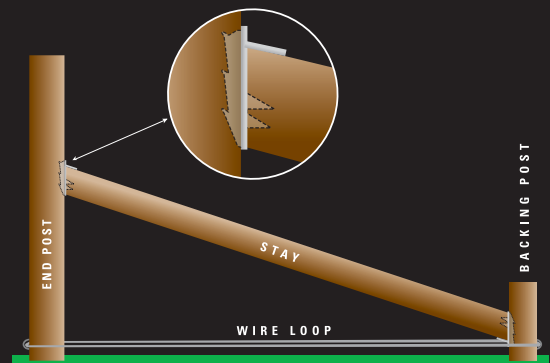

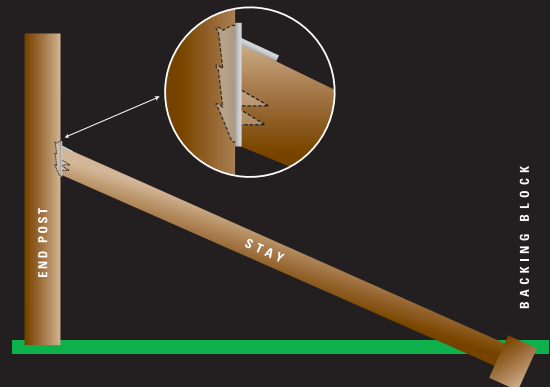

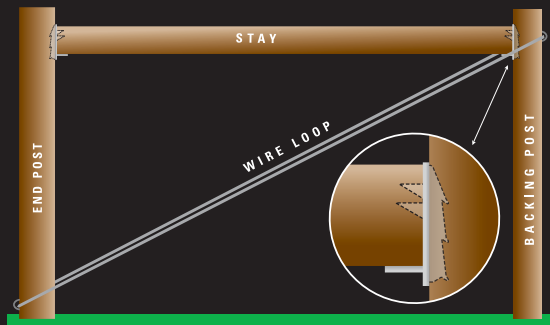

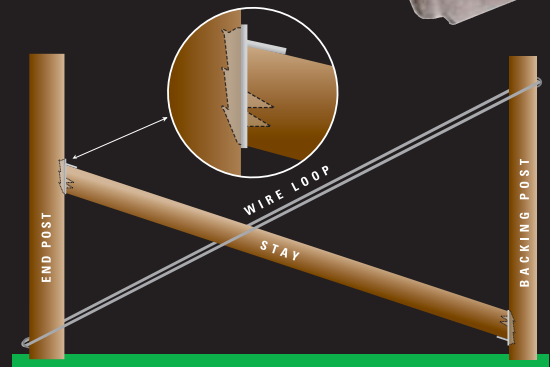

## STAY BRACKETS

Patent Pending

### ONCE BITTEN... WON'T BUDGE!

- Ideal for vineyards and general fencing
- Suitable for timber and plastic posts
- For use with all end assemblies
- Simple and fast to install
- Strong, long lasting and stable
- Constructed from 2.5mm galvanised steel
- Wire straining forces bracket to bite into timber
- Retains post strength
- Cost effective
- Reduce digging and labour costs
- Bites into stay and end posts without needing to cut notches
